

Single Women Resident Manual

“What is the greatest secret of life? Is it not that the Creator has a plan for every person born into the world?”

Dear Ladies

Welcome to Christ For The Nations,

You are about to begin an incredible journey that will challenge you both spiritually and emotionally. It is our prayer that you take advantage of this time of preparation to allow God to minister to you and to establish a spirit of excellence within you.

You will have many opportunities to meet people with different backgrounds and ideas. We pray that that your stay here will be one of spiritual enrichment and cultural learning as you mix and mingle with fellow students from all over the world.

During your stay in single female housing please remember to adhere to the scriptural principle of esteeming others above yourself. As you read this manual, please keep in mind that we are not trying to burden you with unreasonable rules and regulations, nor are we trying to discourage or frustrate you. Instead, we hope to instill within you an attitude of excellence that will remain with you for the rest of your life.

Both the Assistant Dean and I are here to serve you. Please feel free to speak to us whenever the need arises. Once again, welcome to one of the greatest experiences in your life - Christ For The Nations Institute.

Sincerely,
Shannon Johnson
Dean of Women

Respect Your Neighbors

Quiet Hours begin nightly at 10:00 p.m. Also, keep your morning music and your prayer voice down to a proper volume. No radios or CD players allowed in the pool area or courtyard area without headphones. Tanning oil, glass bottles, and food are not allowed in the pool area. Swimming after 10:00 p.m. is not permitted.

Work Orders

Occasionally, something in your room may break down or wear out. If such a problem should arise, please fill out an online Work Order (found in your Student Portal).

Please allow the Maintenance Department to fix problems instead of doing it yourself. Please also remember that they have the entire campus to maintain and will fix the issue in your room as soon as possible.

ROOM INSPECTIONS

The inspections are designed to ensure that each room is kept in the same condition as when you entered it. The rooms are to be kept clean and in a neat, orderly fashion. You may be present if you like.

Smoke Alarms/Fire Alarms

There is a smoke alarm in each room for your safety and protection. If the battery starts to run down, the detector will beep as a signal to change the battery. When this happens, please fill

out a Work Order and Maintenance will replace it as soon as possible. We are required to have smoke alarms in every room because of fire regulations, so please be sure your room has one, and that it is functioning properly.
